

OFFICE OF THE SECRETARY OF DEFENSE
WASHINGTON

5 June 1948

Mr. Allen W. Dulles
Sullivan and Cromwell
48 Wall Street
New York, New York

Dear Allen:

This morning I had a telephone call from Congressman Wadsworth urging us to talk with Grumbach and Vischer.

You will recall that it was letters received from Grumbach and Vischer that had prompted Wadsworth several weeks ago to write to Forrestal. Wadsworth has received another letter from Grumbach in which the latter gives his impressions of United States intelligence as the result of a recent trip in Latin America.

I told Wadsworth that we certainly planned to speak with both Grumbach and Vischer. I mention this to you as you may find it possible to see Grumbach in New York. His address which Wadsworth gave me is Box 795, New York Athletic Club, 180 Central Park South. I tried to get hold of Vischer this week, but he was out of town, so I will try again on Monday.

Sincerely yours,

A handwritten signature, appearing to read 'Bob', is written above the printed name.
